Help B&G and Dartmouth Sailing Week promote Sailing to a young audience

Today there are many different sports on offer to young people and the future of our sport depends on us encouraging them to come and try sailing which helps develop confidence, initiative, team spirit and comradeship.

B&G are very keen to support young crews and are offering **two prizes of £500 vouchers** (to be redeemed against their equipment) to the best performing youth crewed boat in the Series – we define a youth crewed boat as one having at least 2/3rds of the crew 18-29 yrs old.

Any boats with young sailors as part of their crew and meet the **B&G** criteria please contact us with your boat and crew details at info@dartmouthsailingweek.com

To help promote sailing to the younger generation alongside the **B&G** initiative we would like to film young sailors in action. We have a video cameraman who is an experienced sailor and we would like to place him on various boats with young crews - even if they don't meet the 2/3rds **B&G** criteria - across the fleets to capture the excitement of yacht racing. This is an ideal opportunity to further sailing to a young audience.

Please would you also let us know if you could take a cameraman on board - again just email info@dartmouthsailingweek.com. We quite understand that some boats will not be able to do this because of their rating limitations but it would be great if we could have boats across IRC, YTC and Classics.

Thank you **B&G** for supporting Dartmouth Royal Regatta Sailing Week and the young sailors of tomorrow.
